

**THE COMMONWEALTH OF MASSACHUSETTS**  
**MASSACHUSETTS DEPARTMENT OF TRANSPORTATION – HIGHWAY DIVISION**  
**NOTICE OF A PUBLIC INFORMATIONAL MEETING**  
**Project File No. 608816**

A Public Informational Meeting will be held by MassDOT to discuss the proposed Lowell – Dracut – Methuen – Resurfacing and Related Work on Route 110 project in Lowell, Dracut, and Methuen, MA.

WHERE:      Harmony Hall  
1624 Lakeview Avenue,  
Dracut, MA 01826

WHEN:      **6:00 PM, Tuesday, June 18, 2024**

PURPOSE:      The purpose of this meeting is to provide the public with the opportunity to become fully acquainted with the proposed Lowell – Dracut – Methuen – Resurfacing and Related Work on Route 110 project. All views and comments made at the meeting will be reviewed and considered to the maximum extent possible.

PROPOSAL:      The proposed work includes resurfacing 6.3-miles of Route 110 in Lowell, Dracut, and Methuen, from the Merrimack River bike path in Lowell in the west to Riverside Drive in Methuen in the east. The revised design moving forward will no longer be proposing a shared use path along the south side of the road. Instead, there will be bike lanes on either side of the road, buffered from the vehicle lanes by area painted buffer containing flex posts. All MassDOT projects need to include considerations for bikes and pedestrians. We also agree that the speeds on the road need to slow down. Providing narrower lanes, and now buffered bike lanes, will help with that speed reduction, as roadway narrowing is a proven traffic calming technique as are median islands which are also proposed at various locations. Other ways we are working to reduce speeds include implementing a work zone speed limit during construction and doing a speed study at the end of construction to be able to permanently reduce the speed limit. Your curb cut will be free from any obstruction. The sidewalk along the north side of the roadway will be reconstructed to be 5-ft wide and ADA compliant. All work will be done within the state-owned layout. There will be breaks in the flex posts for all driveways with plenty of space for access to your property for vehicle maneuvers, trash pick-up, and mail or other delivery.

This location is accessible to people with disabilities. MassDOT provides reasonable accommodations and/or language assistance free of charge upon request (including but not limited to interpreters in American Sign Language and languages other than English, open or closed captioning for videos, assistive listening devices and alternate material formats, such as audio tapes, Braille and large print), as available. For accommodation or language assistance, please contact MassDOT's Chief Diversity and Civil Rights Officer by phone (857-368-8580), fax (857-368-0602), TTD/TTY (857-368-0603) or by email ([MassDOT.CivilRights@dot.state.ma.us](mailto:MassDOT.CivilRights@dot.state.ma.us)). Requests should be made as soon as possible prior to the meeting, and for more difficult to arrange services including sign-language, CART or language translation or interpretation, requests should be made at least ten (10) business days before the meeting.

In the event of inclement weather a cancellation announcement will be posted on the internet at  
<https://www.mass.gov/orgs/highway-division/events>.
