Town of Dracut Zoning Board of Appeals

cc: Daniel McLaughlin, Building Inspector  
Alison Manugian, Community Development Director

Ref: 133 Phineas Street Sewer

Date: July 21, 2022

Dear Board Members,

Please be advised that Town Sewer is available for the project known as Louis Farm Village located at 133 Phineas Street, consisting of twenty (2) bedroom living units.

Some units may require individual grinder pumps while others will have gravity sewer.

A new sewer connection shall be made on Phineas Street.

Details of the infrastructure will be reviewed upon submittal of a definitive plan, however this should not delay the process.

Sincerely,

Jay Reynolds, Superintendent
